Global X Management Company, LLC serves as an advisor to the Global X Funds. The Funds are distributed by SEI Investments Distribution Co., which is not affiliated with Global X Management Company, LLC.

Investing involves risk, including the possible loss of principal. In addition to the normal risks associated with investing, international investments may involve risk of capital loss from unfavorable fluctuation in currency values, from differences in generally accepted accounting principles or from economic or political instability in other nations. Emerging markets involve heightened risks related to the same factors as well as increased volatility and lower trading volume. Narrowly focused investments may be subject to higher volatility. Securities in the Fund's portfolio may be significantly subject to the effects of competitive pressures in the fertilizer industry and the price of fertilizer commodities. Current and future holdings are subject to risk.

Shares of Global X Funds are bought and sold at market price, not NAV, and are not individually redeemed from the fund. Buying and selling shares will result in brokerage commissions.
